

PRODUCT OVERVIEW

A complete, full function label print software. Users can modify or select labels from an ever-increasing library of label designs. Intaglio Print can be used with virtually any color printer using a Windows® driver. However, Colorflex recommends and sells these printers:

- **HP 1100DTN**
- **OKI DATA C7300N (driver and feed mechanism optimized when purchased through Colorflex)**

SYSTEM REQUIREMENTS

- **Windows 98, ME, NT 4.0 (S.P.6), 2000 & XP**
- **Processor: 200 MHz or Faster**
- **RAM: 64MB or better**
- **Monitor: VGA Supporting 16 bit color or better**
- **40MB free disk space for installation**
- **5MB free space for permanent use; 15MB recommended**
- **CD ROM**

NEW ENHANCEMENTS

- Service Packs will only need to be installed once on the initial network server; subsequent client/workstations will be updated automatically
- Improved installation utility allows for client/workstation installations from the network server instead of software CD
- Welcome and Data Grid screens have intuitive quick-start options
- Live label preview reflects data entered from keyboard on a per key basis
- New Data Grid allows user to select multiple records directly from the data grid to create a new print pick list
- Redesigned look for screen icons and splash screen

ADDITIONAL FEATURES

- Available as a “stand alone” or network version
- Import Text Wizard automatically guides you through the process of importing data or text in ASCII format
- Has “Lite Editor,” an easy, yet sophisticated design tool that allows adjustments to colors and font size without returning to the design process
- Comes with an ever-increasing library of label designs to match industry standard color coding systems
- Unlimited number of label designs supported
- Allows multiple color maps to be combined on a single design
- Print multiple designs on a sheet of labels to meet the label needs of more than one department or business unit
- Inventory Management tool is included to help monitor use of labels and ink and insure timely reorder
- Integrates with WatchDog®, our state-of-the-art data-polling/automated label printing software
- Bundled purchases include WatchDog at no charge
- Compatible with ColorTrax™, our information management tracking software
